IN RE COGNIZANT TECHNOLOGY  
SOLUTIONS CORPORATION  
SECURITIES LITIGATION

Civil Action No. 16-6509 (ES) (CLW)

**DECLARATION OF JOHN RIZIO-HAMILTON IN SUPPORT OF LEAD COUNSEL'S  
MOTION FOR ATTORNEYS' FEES AND LITIGATION EXPENSES  
FILED ON BEHALF OF BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP**

I, John Rizio-Hamilton, hereby declare as follows:

1. I am a partner in the law firm of Bernstein Litowitz Berger & Grossmann LLP ("BLB&G"). I submit this declaration in support of Lead Counsel's motion for an award of attorneys' fees in connection with services rendered in the Action, as well as for payment of expenses incurred by my firm in connection with the Action. I have personal knowledge of the facts set forth herein and, if called upon, could and would testify thereto.

2. My firm served as Lead Counsel in the Action. My firm was involved in all aspects of the litigation of the Action and its resolution, as described more fully in my accompanying declaration: Declaration of John Rizio-Hamilton in Support of (I) Lead Plaintiffs' Motion for Final Approval of Settlement and Plan of Allocation; and (II) Lead Counsel's Motion for Attorneys' Fees and Litigation Expenses.

3. The schedule attached hereto as Exhibit 1 is a detailed summary indicating the amount of time spent by each BLB&G attorney and professional support staff employee who devoted ten (10) or more hours to the Action from its inception through and including October 31, 2021 and the lodestar calculation for those individuals based on their current hourly rate. For personnel who are no longer employed by my firm, the lodestar calculation is based upon the

hourly rates for such personnel in their final year of employment by my firm. The schedule was prepared from contemporaneous daily time records regularly prepared and maintained by my firm.

4. Lead Counsel reviewed these time and expense records to prepare this declaration. The purpose of this review was to confirm both the accuracy of the time entries and expenses and the necessity for, and reasonableness of, the time and expenses committed to the litigation. As a result of this review, reductions were made in the exercise of counsel's judgment. In addition, all time expended in preparing this application for fees and expenses has been excluded.

5. Following this review and the adjustments made, I believe that the time reflected in the firm's lodestar calculation and the expenses for which payment is sought as stated in this declaration are reasonable in amount and were necessary for the effective and efficient prosecution and resolution of the litigation. These expenses are all of a type that courts have routinely approved in similar class action cases.

6. The hourly rates for the BLB&G attorneys and professional support staff employees included in Exhibit 1 are their standard rates and are the same as, or comparable to, the rates submitted by my firm and accepted by courts for lodestar cross-checks in other class action fee applications. My firm's rates are set based on periodic analysis of rates used by firms performing comparable work and that have been approved by courts. Different timekeepers within the same employment category (*e.g.*, partners, associates, paralegals, etc.) may have different rates based on a variety of factors, including years of practice, years at the firm, year in the current position (*e.g.*, years as a partner), relevant experience, relative expertise, and the rates of similarly experienced peers at our firm or other firms.

7. The total number of hours expended on this Action by my firm from the inception of the case through and including October 31, 2021, is 12,483.5 hours. The total lodestar for my firm for that period is \$7,128,026.25. My firm's lodestar figures are based upon the firm's hourly rates described above, which do not include expense items. Expense items are recorded separately, and these amounts are not duplicated in my firm's hourly rates.

8. As detailed in Exhibit 2, my firm is seeking payment for a total of \$257,104.86 in expenses incurred in connection with this Action. The expenses incurred in this Action are reflected in the records of my firm, which are regularly prepared and maintained in the ordinary course of business. These records are prepared from expense vouchers, check records, and other source materials, and are an accurate record of the expenses incurred.

9. The following is additional information regarding certain of these expenses:

a. **Experts** (\$101,822.50). BLB&G incurred \$101,822.50 for the fees and costs of Lead Plaintiffs' experts. Lead Counsel consulted with these experts throughout the litigation and believes that the development of this expert evidence was essential to the successful prosecution of the claims. Lead Plaintiffs' expert consultants included: (i) Chad W. Coffman, of Global Economics Group, who provided Lead Plaintiffs with expert advice on damages and loss causation issues (\$65,901.25); (ii) David Tabak of the NERA Economic Consulting, who also consulted on damages issues (\$4,200.00); (iii) Anup Milani, a Professor at the University of Chicago Law School, who provided expert advice on the operation of SEZs in India and other topics (\$13,770.00); (iv) experts at the Brattle Group who provided expert financial economics advice (\$14,355.00); and (v) an expert on FCPA compliance and enforcement issues (\$3,596.25).

b. **Online Factual Research** (\$13,319.27) and **Online Lead Research** (\$71,829.55). The charges reflected are for out-of-pocket payments to vendors such as Westlaw,

Lexis/Nexis, Thomson Reuters Markets, Court Alert, and PACER for online legal and factual research done in connection with this litigation. These resources were used to obtain access to court filings, to conduct legal research and cite-checking of briefs, and to obtain factual information regarding the claims asserted through access to various financial databases and other factual databases. These expenses represent the actual expenses incurred by BLB&G for use of these services in connection with this litigation. There are no administrative charges included in these figures. Online research is billed to each case based on actual usage at a charge set by the vendor. When BLB&G utilizes online services provided by a vendor with a flat-rate contract, access to the service is by a billing code entered for the specific case being litigated. At the end of each billing period, BLB&G's costs for such services are allocated to specific cases based on the percentage of use in connection with that specific case in the billing period.

c. **Document Hosting & Management** (\$12,597.32). BLB&G seeks \$12,597.32 for costs associated with establishing and maintaining the internal document database to process and review the documents produced by Cognizant in the Action. BLB&G charges a rate of \$4 per gigabyte of data per month and \$17 per user to recover the costs associated with maintaining its document database management system, which includes the costs to BLB&G of necessary software licenses and hardware. BLB&G has conducted a review of market rates charged for the similar services performed by third-party document management vendors and found that its rate was at least 80% below the market rates charged by these vendors, resulting in a savings to the class.

d. **Internal Copying & Printing** (\$762.70). Our firm charges \$0.10 per page for in-house copying and for printing of documents.

e. **Working Meals** (\$4,860.51). Working meals are capped at \$20 per person for lunch and \$30 per person for dinner.

f. **Out-of-Town Travel** (\$8,093.63). BLB&G's seeks reimbursement of \$8,093.63 in travel costs incurred in connection with Lead Counsel's attendance a client meeting on the case with Lead Plaintiff Union Asset Management AG in Frankfurt, Germany; client travel to attend meetings with Lead Counsel in New York; and travel for several attorneys from Lead Counsel and a representative of Lead Plaintiff Fire and Police Pension Association of Colorado to attend the February 2020 mediation in Newport Beach, California. Airfare is at coach rates, hotel charges per night are capped at \$350 for higher-cost cities and \$250 for lower-cost cities (the relevant cities and how they are categorized are reflected on Exhibit 2); and travel meals are capped at \$20 per person for breakfast, \$25 per person for lunch, and \$50 per person for dinner.

10. With respect to the standing of my firm, attached hereto as Exhibit 3 is a brief biography of my firm and the attorneys involved in this matter.

I declare, under penalty of perjury, that the foregoing facts are true and correct.

Executed on November 8, 2021, in New York, New York.

## More Top Securities Recoveries

Since its founding in 1983, BLB&G has prosecuted some of the most complex cases in history and has obtained over \$33 billion on behalf of investors. Unique among its peers, the firm has negotiated and obtained many of the largest securities class action recoveries in history, including:

- *In re WorldCom, Inc. Securities Litigation* – \$6.19 billion recovery
- *In re Cendant Corporation Securities Litigation* – \$3.3 billion recovery

- *In re Bank of America Corp. Securities, Derivative, and Employee Retirement Income Security Act (ERISA) Litigation* – \$2.43 billion recovery
- *In re Nortel Networks Corporation Securities Litigation (Nortel II)* – \$1.07 billion recovery
- *In re Merck & Co., Inc. Securities Litigation* – \$1.06 billion recovery
- *In re McKesson HBOC, Inc. Securities Litigation* – \$1.05 billion recovery

Based on our record of success, BLB&G has been at the top of the rankings by ISS Securities Class Action Services (ISS-SCAS), a leading industry research publication that provides independent and objective third-party analysis and statistics on securities-litigation law firms, since its inception. In its most recent report, [Top 100 U.S. Class Action Settlements of All-Time](#), ISS-SCAS once again ranked BLB&G as the top firm in the field for the eleventh year in a row. BLB&G has served as lead or co-lead counsel in 38 of the ISS-SCAS's top 100 U.S. securities-fraud settlements—more than twice as many as any other firm—and recovered over \$26 billion for investors in those cases, nearly \$10 billion more than any other plaintiffs' securities firm.

## **Giving Shareholders a Voice and Changing Business Practices for the Better**

BLB&G was among the first law firms ever to obtain meaningful corporate governance reforms through litigation. In courts throughout the country, we prosecute shareholder class and derivative actions, asserting claims for breach of fiduciary duty and proxy violations wherever the conduct of corporate officers and/or directors, or M&A transactions, seek to deprive shareholders of fair value, undermine shareholder voting rights, or allow management to profit at the expense of shareholders.

We have prosecuted seminal cases establishing precedent which has increased market transparency, held wrongdoers accountable, addressed issues in the boardroom and executive suite, challenged unfair deals, and improved corporate business practices in groundbreaking ways.

From setting new standards of director independence, to restructuring board practices in the wake of persistent illegal conduct; from challenging the improper use of defensive measures and deal protections for management's benefit, to confronting stock options backdating abuses and other self-dealing by executives; we have confronted a variety of questionable, unethical and proliferating corporate practices. Seeking to reform faulty management structures and address breaches of fiduciary duty by corporate officers and directors, we have obtained unprecedented victories on behalf of shareholders seeking to improve governance and protect the shareholder franchise.

## Practice Areas

### Securities Fraud Litigation

Securities fraud litigation is the cornerstone of the firm's litigation practice. Since its founding, the firm has had the distinction of having tried and prosecuted many of the most high-profile securities fraud class actions in history, recovering billions of dollars and obtaining unprecedented corporate governance reforms on behalf of our clients. BLB&G continues to play a leading role in major securities litigation pending in federal and state courts, and the firm remains one of the nation's leaders in representing institutional investors in securities fraud class litigation.

The firm also pursues direct actions in securities fraud cases when appropriate. By selectively opting out of certain securities class actions, we seek to resolve our clients' claims efficiently and for substantial multiples of what they might otherwise recover from related class action settlements.

Our attorneys have extensive experience in the laws that regulate the securities markets and in the disclosure requirements of corporations that issue publicly traded securities. Many also have accounting backgrounds. The group has access to state-of-the-art, online financial wire services and databases, which enable it to instantaneously investigate any potential securities fraud action involving a public company's debt and equity securities. Biographies for our attorneys can be accessed on the firm's website by clicking [here](#).

### Corporate Governance and Shareholder Rights

Our Corporate Governance and Shareholder Rights attorneys prosecute derivative actions, claims for breach of fiduciary duty, and proxy violations on behalf of individual and institutional investors in state and federal courts throughout the country. We have prosecuted actions challenging numerous highly publicized corporate transactions which violated fair process, fair price, and the applicability of the business judgment rule, and have also addressed issues of corporate waste, shareholder voting rights claims, and executive compensation.

Our attorneys have prosecuted numerous cases regarding the improper "backdating" of executive stock options which resulted in windfall undisclosed compensation to executives at the direct expense of shareholders—and returned hundreds of millions of dollars to company coffers. We also represent institutional clients in lawsuits seeking to enforce fiduciary obligations in connection with Mergers & Acquisitions and "Going Private" transactions that deprive shareholders of fair value when participants buy companies from their public shareholders "on the cheap." Although enough shareholders accept the consideration offered for the transaction to close, many sophisticated investors correctly recognize and ultimately enjoy the increased returns to be obtained by pursuing appraisal rights and demanding that courts assign a "true value" to the shares taken private in these transactions.

Our attorneys are well versed in changing SEC rules and regulations on corporate governance issues and have a comprehensive understanding of a wide variety of corporate law transactions and both substantive and courtroom expertise in the specific legal areas involved. As a result of the firm's high-profile and widely recognized capabilities, our attorneys are increasingly in demand with institutional investors who are exercising a more assertive voice with corporate boards regarding corporate governance issues and the boards' accountability to shareholders.

## Distressed Debt and Bankruptcy

BLB&G has obtained billions of dollars through litigation on behalf of bondholders and creditors of distressed and bankrupt companies, as well as through third-party litigation brought by bankruptcy trustees and creditors' committees against auditors, appraisers, lawyers, officers and directors, and other defendants who may have contributed to client losses. As counsel, we advise institutions and individuals nationwide in developing strategies and tactics to recover assets presumed lost as a result of bankruptcy. Our record in this practice area is characterized by extensive trial experience in addition to successful settlements.

## Commercial Litigation

BLB&G provides contingency fee representation in complex business litigation and has obtained substantial recoveries on behalf of investors, corporations, bankruptcy trustees, creditor committees, and other business entities. We have faced down the most powerful and well-funded law firms and defendants in the country—and consistently prevailed. For example, on behalf of the bankruptcy trustee, the firm prosecuted *BFA Liquidation Trust v. Arthur Andersen*, arising from the largest nonprofit bankruptcy in U.S. history. After two years of litigation and a week-long trial, the firm obtained a \$217 million recovery from Andersen for the Trust. Combined with other recoveries, the total amounted to more than 70 percent of the Trust's losses.

Having obtained huge recoveries with nominal out-of-pocket expenses and fees of less than 20 percent, we have repeatedly demonstrated that valuable claims are best prosecuted by a first-rate litigation firm on a contingent basis at negotiated percentages. Legal representation need not compound the risk and high cost inherent in today's complex and competitive business environment. We are paid only if we (and our clients) win. The result: the highest quality legal representation at a fair price.

## Alternative Dispute Resolution

BLB&G offers clients an accomplished team and a creative venue in which to resolve conflicts outside of the litigation process. We have experience in U.S. and international disputes and our attorneys have led complex business-to-business arbitrations and mediations domestically and abroad representing clients before all the major arbitration tribunals, including the American Arbitration Association, FINRA, JAMS, International Chamber of Commerce, and the London Court of International Arbitration.

Our lawyers have successfully arbitrated cases that range from complex business-to-business disputes to individuals' grievances with employers. It is our experience that in some cases, a well-executed arbitration process can resolve disputes faster, with limited appeals and with a higher level of confidentiality than public litigation.

In the wake of the credit crisis, for example, we successfully represented numerous former executives of a major financial institution in arbitrations relating to claims for compensation. We have also assisted clients with disputes involving failure to honor compensation commitments, disputes over the purchase of securities, businesses seeking compensation for uncompleted contracts, and unfulfilled financing commitments.

## Feedback from The Courts

Throughout the firm's history, many courts have recognized the professional excellence and diligence of the firm and its members. A few examples are set forth below.

### ***McCall V. Scott (Columbia/HCA Derivative Litigation)***

- The Honorable Thomas A. Higgins of the United States District Court for the Middle District of Tennessee

"Counsel's excellent qualifications and reputations are well documented in the record, and they have litigated this complex case adeptly and tenaciously throughout the six years it has been pending. They assumed an enormous risk and have shown great patience by taking this case on a contingent basis, and despite an early setback they have persevered and brought about not only a large cash settlement but sweeping corporate reforms that may be invaluable to the beneficiaries."

## Significant Recoveries

BLB&G is counsel in many diverse nationwide class and individual actions and has obtained many of the largest and most significant recoveries in history. The firm has successfully identified, investigated, and prosecuted many of the most significant securities and shareholder actions in history, recovering billions of dollars on behalf of defrauded investors and obtaining groundbreaking corporate-governance reforms. These resolutions include six recoveries of over \$1 billion, more than any other firm in our field. Examples of cases with our most significant recoveries include:

### Securities Class Actions

**Case:** *In re WorldCom, Inc. Securities Litigation*

**Court:** United States District Court for the Southern District of New York

**Highlights:** \$6.19 billion securities fraud class action recovery—the second largest in history; unprecedented recoveries from Director Defendants.

**Case Summary:** Investors suffered massive losses in the wake of the financial fraud and subsequent bankruptcy of former telecom giant WorldCom, Inc. This litigation alleged that WorldCom and others disseminated false and misleading statements to the investing public regarding its earnings and financial condition in violation of the federal securities and other laws. It further alleged a nefarious relationship between Citigroup subsidiary Salomon Smith Barney and WorldCom, carried out primarily by Salomon employees involved in providing investment banking services to WorldCom, and by WorldCom's former CEO and CFO. As Court-appointed Co-Lead Counsel representing Lead Plaintiff the New York State Common Retirement Fund, we obtained unprecedented settlements totaling more than \$6 billion from the Investment Bank Defendants who underwrote WorldCom bonds, including a \$2.575 billion cash settlement to settle all claims against the Citigroup Defendants. On the eve of trial, the 13 remaining "Underwriter Defendants," including J.P. Morgan Chase, Deutsche Bank and Bank of America, agreed to pay settlements totaling nearly \$3.5 billion to resolve all claims against them. Additionally, the day before trial was scheduled to begin, all of the former WorldCom Director Defendants agreed to pay over \$60 million to settle the claims against them. An unprecedented first for outside directors, \$24.75 million of that amount came out of the pockets of the individuals—20% of their collective net worth. *The Wall Street Journal*, in its coverage, profiled the settlement as having "shaken Wall Street, the audit profession and corporate boardrooms." After four weeks of trial, Arthur Andersen, WorldCom's former auditor, settled for \$65 million. Subsequent settlements were reached with the former executives of WorldCom, and then with Andersen, bringing the total obtained for the Class to over \$6.19 billion.

<b>Case:</b>	<i>In re Cendant Corporation Securities Litigation</i>
<b>Court:</b>	United States District Court for the District of New Jersey
<b>Highlights:</b>	\$3.3 billion securities fraud class action recovery – the third largest in history; significant corporate governance reforms obtained.
<b>Summary:</b>	The firm was Co-Lead Counsel in this class action against Cendant Corporation, its officers and directors and Ernst & Young (E&Y), its auditors, for their role in disseminating materially false and misleading financial statements concerning the company's revenues, earnings and expenses for its 1997 fiscal year. As a result of company-wide accounting irregularities, Cendant restated its financial results for its 1995, 1996, and 1997 fiscal years and all fiscal quarters therein. Cendant agreed to settle the action for \$2.8 billion and to adopt some of the most extensive corporate governance changes in history. E&Y settled for \$335 million. These settlements remain the largest sums ever recovered from a public company and a public accounting firm through securities class action litigation. BLB&G represented Lead Plaintiffs CalPERS (the California Public Employees' Retirement System), the New York State Common Retirement Fund and the New York City Pension Funds, the three largest public pension funds in America, in this action.
<b>Case:</b>	<i>In re Bank of America Corp. Securities, Derivative, and Employee Retirement Income Security Act (ERISA) Litigation</i>
<b>Court:</b>	United States District Court for the Southern District of New York
<b>Highlights:</b>	\$2.425 billion in cash; significant corporate governance reforms to resolve all claims. This recovery is by far the largest shareholder recovery related to the subprime meltdown and credit crisis; the single largest securities class action settlement ever resolving a Section 14(a) claim—the federal securities provision designed to protect investors against misstatements in connection with a proxy solicitation; the largest ever funded by a single corporate defendant for violations of the federal securities laws; the single largest settlement of a securities class action in which there was neither a financial restatement involved nor a criminal conviction related to the alleged misconduct; and one of the 10 largest securities class action recoveries in history.
<b>Summary:</b>	The firm represented Co-Lead Plaintiffs the State Teachers Retirement System of Ohio, the Ohio Public Employees Retirement System, and the Teacher Retirement System of Texas in this securities class action filed on behalf of shareholders of Bank of America Corporation (BAC) arising from BAC's 2009 acquisition of Merrill Lynch & Co., Inc. The action alleges that BAC, Merrill Lynch, and certain of the companies' current and former officers and directors violated the federal securities laws by making a series of materially false statements and omissions in connection with the acquisition. These violations included the alleged failure to disclose information regarding billions of dollars of losses which Merrill had suffered before the BAC shareholder vote on the proposed acquisition, as well as an undisclosed agreement allowing Merrill to pay billions in bonuses before the acquisition closed despite these losses. Not privy to these material facts, BAC shareholders voted to approve the acquisition.

Subsequent revelations disclosed that the overstatement actually exceeded over \$2.4 billion, virtually wiping out all of HealthSouth's reported profits for the prior five years. A total recovery of \$804.5 million was obtained in this litigation through a series of settlements, including an approximately \$445 million settlement for shareholders and bondholders, a \$100 million in cash settlement from UBS AG, UBS Warburg LLC, and individual UBS Defendants, and \$33.5 million in cash from the company's auditor. The total settlement for injured HealthSouth bond purchasers exceeded \$230 million, recouping over a third of bond purchaser damages.

Services, Inc. This recovery is truly remarkable not only because of the difficulty in recovering assets when the issuer defendant is bankrupt, but also because no financial results were restated, and the auditors never disavowed the statements.

**Case:** *In re Citigroup, Inc. Bond Action Litigation*

**Court:** United States District Court for the Southern District of New York

**Highlights:** \$730 million cash recovery; second largest recovery in a litigation arising from the financial crisis.

**Summary:** In the years prior to the collapse of the subprime mortgage market, Citigroup issued 48 offerings of preferred stock and bonds. This securities fraud class action was filed on behalf of purchasers of Citigroup bonds and preferred stock alleging that these offerings contained material misrepresentations and omissions regarding Citigroup's exposure to billions of dollars in mortgage-related assets, the loss reserves for its portfolio of high-risk residential mortgage loans, and the credit quality of the risky assets it held in off-balance sheet entities known as "structured investment vehicles." After protracted litigation lasting four years, we obtained a \$730 million cash recovery—the second largest securities class action recovery in a litigation arising from the financial crisis, and the second largest recovery ever in a securities class action brought on behalf of purchasers of debt securities. As Lead Bond Counsel for the Class, BLB&G represented Lead Bond Plaintiffs Minneapolis Firefighters' Relief Association, Louisiana Municipal Police Employees' Retirement System, and Louisiana Sheriffs' Pension and Relief Fund.

**Case:** *In re Schering-Plough Corporation/Enhance Securities Litigation; In re Merck & Co., Inc. Vytorin/Zetia Securities Litigation*

**Court:** United States District Court for the District of New Jersey

**Highlights:** \$688 million in combined settlements (Schering-Plough settled for \$473 million; Merck settled for \$215 million) in this coordinated securities fraud litigations filed on behalf of investors in Merck and Schering-Plough.

**Summary:** After nearly five years of intense litigation, just days before trial, BLB&G resolved the two actions against Merck and Schering-Plough, which stemmed from claims that Merck and Schering artificially inflated their market value by concealing material information and making false and misleading statements regarding their blockbuster anti-cholesterol drugs Zetia and Vytorin. Specifically, we alleged that the companies knew that their "ENHANCE" clinical trial of Vytorin (a combination of Zetia and a generic) demonstrated that Vytorin was no more effective than the cheaper generic at reducing artery thickness. The companies nonetheless championed the "benefits" of their drugs, attracting billions of dollars of capital. When public pressure to release the results of the ENHANCE trial became too great, the companies reluctantly announced these negative results, which we alleged led to sharp declines in the value of the companies' securities, resulting in significant losses to investors. The combined \$688 million in settlements (Schering-Plough settled for \$473 million; Merck settled for \$215 million) is the second largest securities recovery ever in the Third Circuit, among the top 25

settlements of all time, and among the ten largest recoveries ever in a case where there was no financial restatement. BLB&G represented Lead Plaintiffs Arkansas Teacher Retirement System, the Public Employees' Retirement System of Mississippi, and the Louisiana Municipal Police Employees' Retirement System.

**Case:** *In re Lucent Technologies, Inc. Securities Litigation*

**Court:** United States District Court for the District of New Jersey

**Highlights:** \$667 million in total recoveries; the appointment of BLB&G as Co-Lead Counsel is especially noteworthy as it marked the first time since the 1995 passage of the Private Securities Litigation Reform Act that a court reopened the lead plaintiff or lead counsel selection process to account for changed circumstances, new issues, and possible conflicts between new and old allegations.

**Summary:** BLB&G served as Co-Lead Counsel in this securities class action, representing Lead Plaintiffs the Parnassus Fund, Teamsters Locals 175 & 505 D&P Pension Trust, Anchorage Police and Fire Retirement System, and the Louisiana School Employees' Retirement System. The complaint accused Lucent of making false and misleading statements to the investing public concerning its publicly reported financial results and failing to disclose the serious problems in its optical networking business. When the truth was disclosed, Lucent admitted that it had improperly recognized revenue of nearly \$679 million in fiscal 2000. The settlement obtained in this case is valued at approximately \$667 million, and is composed of cash, stock, and warrants.

**Case:** *In re Wachovia Preferred Securities and Bond/Notes Litigation*

**Court:** United States District Court for the Southern District of New York

**Highlights:** \$627 million recovery—among the largest securities class action recoveries in history; third-largest recovery obtained in an action arising from the subprime mortgage crisis.

**Summary:** This securities class action was filed on behalf of investors in certain Wachovia bonds and preferred securities against Wachovia Corp., certain former officers and directors, various underwriters, and its auditor, KPMG LLP. The case alleged that Wachovia provided offering materials that misrepresented and omitted material facts concerning the nature and quality of Wachovia's multibillion-dollar option-ARM (adjustable rate mortgage) "Pick-A-Pay" mortgage loan portfolio, and that Wachovia's loan loss reserves were materially inadequate. According to the Complaint, these undisclosed problems threatened the viability of the financial institution, requiring it to be "bailed out" during the financial crisis before it was acquired by Wells Fargo. The combined \$627 million recovery obtained in the action is among the 20 largest securities class action recoveries in history, the largest settlement ever in a class action case asserting only claims under the Securities Act of 1933, and one of a handful of securities class action recoveries obtained where there were no parallel civil or criminal actions brought by government authorities. The firm represented Co-Lead Plaintiffs Orange County Employees Retirement System and Louisiana Sheriffs' Pension and Relief Fund in this action.

**Case:** *Bear Stearns Mortgage Pass-Through Litigation*

**Court:** United States District Court for the Southern District of New York

**Highlights:** \$500 million recovery—the largest recovery ever on behalf of purchasers of residential mortgage-backed securities.

**Summary:** BLB&G served as Co-Lead Counsel in this securities action, representing Lead Plaintiffs the Public Employees' Retirement System of Mississippi. The case alleged that Bear Stearns & Company, Inc. sold mortgage pass-through certificates using false and misleading offering documents. The offering documents contained false and misleading statements related to, among other things, (1) the underwriting guidelines used to originate the mortgage loans underlying the certificates; and (2) the accuracy of the appraisals for the properties underlying the certificates. After six years of hard-fought litigation and extensive arm's-length negotiations, the \$500 million recovery is the largest settlement in a U.S. class action against a bank that packaged and sold mortgage securities at the center of the 2008 financial crisis.

**Case:** *Gary Hefler et al. v. Wells Fargo & Company et al.*

**Court:** United States District Court for the Northern District of California

**Highlights:** \$480 million recovery—the fourth largest securities settlement ever achieved in the Ninth Circuit and the 32nd largest securities settlement ever in the United States.

**Summary:** BLB&G served as Lead Counsel for the Court-appointed Lead Plaintiff Union Asset Management Holding, AG in this action, which alleged that Wells Fargo and certain current and former officers and directors of Wells Fargo made a series of materially false statements and omissions in connection with Wells Fargo's secret creation of fake or unauthorized client accounts in order to hit performance-based compensation goals. After years of presenting a business driven by legitimate growth prospects, U.S. regulators revealed in September 2016 that Wells Fargo employees were secretly opening millions of potentially unauthorized accounts for existing Wells Fargo customers. The Complaint alleged that these accounts were opened in order to hit performance targets and inflate the "cross-sell" metrics that investors used to measure Wells Fargo's financial health and anticipated growth. When the market learned the truth about Wells Fargo's violation of its customers' trust and failure to disclose reliable information to its investors, the price of Wells Fargo's stock dropped, causing substantial investor losses.

**Case:** *Ohio Public Employees Retirement System v. Freddie Mac*

**Court:** United States District Court for the Southern District of Ohio

statements in connection with the company's previously reported financial results. Specifically, the Complaint alleged that the Defendants misrepresented the company's operations and financial results by having engaged in numerous improper transactions and accounting machinations that violated fundamental GAAP precepts in order to artificially smooth the company's earnings and to hide earnings volatility. In connection with these improprieties, Freddie Mac restated more than \$5 billion in earnings. A settlement of \$410 million was reached in the case just as deposition discovery had begun and document review was complete.

**Case:** *In re Refco, Inc. Securities Litigation*

**Court:** United States District Court for the Southern District of New York

**Highlights:** Over \$407 million in total recoveries.

**Summary:** The lawsuit arises from the revelation that Refco, a once prominent brokerage, had for years secreted hundreds of millions of dollars of uncollectible receivables with a related entity controlled by Phillip Bennett, the company's Chairman and Chief Executive Officer. This revelation caused the stunning collapse of the company a mere two months after its initial public offering of common stock. As a result, Refco filed one of the largest bankruptcies in U.S. history. Settlements have been obtained from multiple company and individual defendants, resulting in a total recovery for the class of over \$407 million. BLB&G represented Co-Lead Plaintiff RH Capital Associates LLC.

**Case:** *In re Allergan, Inc. Proxy Violation Securities Litigation*

**Court:** United States District Court for the Central District of California

**Highlights:** Litigation recovered over \$250 million for investors while challenging an unprecedented insider trading scheme by billionaire hedge fund manager Bill Ackman.

**Summary:** As alleged in groundbreaking litigation, billionaire hedge fund manager Bill Ackman and his Pershing Square Capital Management fund secretly acquired a near 10% stake in pharmaceutical concern Allergan, Inc. as part of an unprecedented insider trading scheme by Ackman and Valeant Pharmaceuticals International, Inc. What Ackman knew—but investors did not—was that in the ensuing weeks, Valeant would be launching a hostile bid to acquire Allergan shares at a far higher price. Ackman enjoyed a massive instantaneous profit upon public news of the proposed acquisition, and the scheme worked for both parties as he kicked back hundreds of millions of his insider-trading proceeds to Valeant after Allergan agreed to be bought by a rival bidder. After a ferocious three-year legal battle over this attempt to circumvent the spirit of the U.S. securities laws, BLB&G obtained a \$250 million settlement for Allergan investors, and created precedent to prevent similar such schemes in the future. The Plaintiffs in this action were the State Teachers Retirement System of Ohio, the Iowa Public Employees Retirement System, and Patrick T. Johnson.

## Corporate Governance and Shareholders' Rights

**Case:** *City of Monroe Employees' Retirement System, Derivatively on Behalf of Twenty-First Century Fox, Inc. v. Rupert Murdoch, et al.*

**Court:** Delaware Court of Chancery

**Highlights:** Landmark derivative litigation established unprecedented, independent Board-level council to ensure employees are protected from workplace harassment while recouping \$90 million for the company's coffers.

**Summary:** Before the birth of the #metoo movement, BLB&G led the prosecution of an unprecedented shareholder derivative litigation against Fox News parent 21st Century Fox, Inc. arising from the systemic sexual and workplace harassment at the embattled network. After nearly 18 months of litigation, discovery and negotiation related to the shocking misconduct and the Board's extensive alleged governance failures, the parties unveil a landmark settlement with two key components: 1) the first ever Board-level watchdog of its kind—the "Fox News Workplace Professionalism and Inclusion Council" of experts (WPIC)—majority independent of the Murdochs, the Company and Board; and 2) one of the largest financial recoveries—\$90 million—ever obtained in a pure corporate board oversight dispute. The WPIC serves as a model for public companies in all industries. The firm represented 21st Century Fox shareholder the City of Monroe (Michigan) Employees' Retirement System.

**Case:** *In re McKesson Corporation Derivative Litigation*

**Court:** United States District Court, Northern District of California, Oakland Division and Delaware Chancery Court

**Highlights:** Litigation recovered \$175 million and achieved substantial corporate governance reforms.

**Summary:** BLB&G represented the Police & Fire Retirement System City of Detroit and Amalgamated Bank in this derivative class action arising from the company's role in permitting and exacerbating America's ongoing opioid crisis. The complaint, initially filed in Delaware Chancery Court, alleged that defendants breached their fiduciary duties by failing to adequately oversee McKesson's compliance with provisions of the Controlled Substances Act and a series of settlements with the Drug Enforcement Administration intended to regulate the distribution and misuse of controlled substances such as opioids. Even after paying fines and settlements in the hundreds of millions of dollars, McKesson was sued in the National Opioid Multidistrict Litigation. In May 2018, our clients joined a substantially similar action being litigated in California federal court. Acting as co-lead counsel, BLB&G played a major role in litigating the case, opposing a motion to stay the action by a special litigation committee, and engaging in extensive pretrial discovery. Ultimately, \$175 million was recovered for the benefit of McKesson's shareholders in a settlement that also created substantial corporate-governance reforms to prevent a recurrence of McKesson's inadequate legal compliance efforts.

**Case:** *UnitedHealth Group, Inc. Shareholder Derivative Litigation*

**Court:** United States District Court for the District of Minnesota

**Highlights:** Litigation recovered over \$920 million in ill-gotten compensation directly from former officers for their roles in illegally backdating stock options, while the company agreed to far-reaching reforms aimed at curbing future executive compensation abuses.

**Summary:** This shareholder derivative action filed against certain current and former executive officers and members of the Board of Directors of UnitedHealth Group, Inc. alleged that the Defendants obtained, approved and/or acquiesced in the issuance of stock options to senior executives that were unlawfully backdated to provide the recipients with windfall compensation at the direct expense of UnitedHealth and its shareholders. The firm recovered over \$920 million in ill-gotten compensation directly from the former officer Defendants—the largest derivative recovery in history. As feature coverage in *The New York Times* indicated, “investors everywhere should applaud [the UnitedHealth settlement]....[T]he recovery sets a standard of behavior for other companies and boards when performance pay is later shown to have been based on ephemeral earnings.” The Plaintiffs in this action were the St. Paul Teachers’ Retirement Fund Association, the Public Employees’ Retirement System of Mississippi, the Jacksonville Police & Fire Pension Fund, the Louisiana Sheriffs’ Pension & Relief Fund, the Louisiana Municipal Police Employees’ Retirement System and Fire & Police Pension Association of Colorado.

**Case:** *Caremark Merger Litigation*

**Court:** Delaware Court of Chancery – New Castle County

**Highlights:** Landmark Court ruling ordered Caremark’s board to disclose previously withheld information, enjoined a shareholder vote on the CVS merger offer, and granted statutory appraisal rights to Caremark shareholders. The litigation ultimately forced CVS to raise its offer by \$7.50 per share, equal to more than \$3.3 billion in additional consideration to Caremark shareholders.

**Summary:** Commenced on behalf of the Louisiana Municipal Police Employees’ Retirement System and other shareholders of Caremark RX, Inc., this shareholder class action accused the company’s directors of violating their fiduciary duties by approving and endorsing a proposed merger with CVS Corporation, all the while refusing to fairly consider an alternative transaction proposed by another bidder. In a landmark decision, the Court ordered the Defendants to disclose material information that had previously been withheld, enjoined the shareholder vote on the CVS transaction until the additional disclosures occurred, and granted statutory appraisal rights to Caremark’s shareholders—forcing CVS to increase the consideration offered to shareholders by \$7.50 per share in cash (over \$3 billion in total).

**Case:** *In re Pfizer Inc. Shareholder Derivative Litigation*

**Court:** United States District Court for the Southern District of New York

**Highlights:** Landmark settlement in which Defendants agreed to create a new Regulatory and Compliance Committee of the Pfizer Board to be supported by a dedicated \$75 million fund.

**Summary:** In the wake of Pfizer's agreement to pay \$2.3 billion as part of a settlement with the U.S. Department of Justice to resolve civil and criminal charges relating to the illegal marketing of at least 13 of the company's most important drugs (the largest such fine ever imposed), this shareholder derivative action was filed against Pfizer's senior management and Board alleging they breached their fiduciary duties to Pfizer by, among other things, allowing unlawful promotion of drugs to continue after receiving numerous "red flags" that Pfizer's improper drug marketing was systemic and widespread. The suit was brought by Court-appointed Lead Plaintiffs Louisiana Sheriffs' Pension and Relief Fund and Skandia Life Insurance Company, Ltd. In an unprecedented settlement reached by the parties, the Defendants agreed to create a new Regulatory and Compliance Committee of the Pfizer Board of Directors (the "Regulatory Committee") to oversee and monitor Pfizer's compliance and drug marketing practices and to review the compensation policies for Pfizer's drug sales related employees.

**Case:** *Miller et al. v. IAC/InterActiveCorp et al.*

**Court:** Delaware Court of Chancery

**Highlights:** This litigation shut down efforts by controlling shareholders to obtain "dynamic control" of the company through improper stock class issuances, setting valuable precedent and sending a strong message to boards and management in all sectors that such moves will not go unchallenged.

**Summary:** BLB&G obtained this landmark victory for shareholder rights against IAC/InterActiveCorp and its controlling shareholder and chairman, Barry Diller. For decades, activist corporate founders and controllers sought ways to entrench their position atop the corporate hierarchy by granting themselves and other insiders "supervoting rights." Diller laid out a proposal to introduce a new class of non-voting stock to entrench "dynamic control" of IAC within the Diller family. BLB&G litigation on behalf of IAC shareholders ended in capitulation with the Defendants effectively conceding the case by abandoning the proposal. This became a critical corporate governance precedent, given the trend of public companies to introduce "low" and "no-vote" share classes, which diminish shareholder rights, insulate management from accountability, and can distort managerial incentives by providing controllers voting power out of line with their actual economic interests in public companies.

**Case:** *In re News Corp. Shareholder Derivative Litigation*

**Court:** Delaware Court of Chancery – Kent County

**Highlights:** An unprecedented settlement in which News Corp. recouped \$139 million and enacted significant corporate governance reforms that combat self-dealing in the boardroom.

**Summary:** Following News Corp.'s 2011 acquisition of a company owned by News Corp. Chairman and CEO Rupert Murdoch's daughter, and the phone-hacking scandal within its British newspaper division, we filed a derivative litigation on behalf of the company because of institutional shareholder concern with the conduct of News Corp.'s management. We ultimately obtained an unprecedented settlement in which News Corp. recouped \$139 million for the company coffers, and agreed to enact corporate governance enhancements to strengthen its compliance structure, the independence and functioning of its board, and the compensation and clawback policies for management.

## Clients and Fees

We are firm believers in the contingency fee as a socially useful, productive and satisfying basis of compensation for legal services, particularly in litigation. Wherever appropriate, even with our corporate clients, we encourage retentions in which our fee is contingent on the outcome of the litigation. This way, it is not the number of hours worked that will determine our fee, but rather the result achieved for our client. The firm generally negotiates with our clients a contingent fee schedule specific to each litigation, and all fee proposals are approved by the client prior to commencing litigation, and ultimately by the Court.

Our clients include many large and well-known financial and lending institutions and pension funds, as well as privately held companies that are attracted to our firm because of our reputation, expertise, and fee structure. Most of the firm's clients are referred by other clients, law firms and lawyers, bankers, investors, and accountants. A considerable number of clients have been referred to the firm by former adversaries. We have always maintained a high level of independence and discretion in the cases we decide to prosecute. As a result, the level of personal satisfaction and commitment to our work is high.

As a principal member of the trial team prosecuting *In re Merck Vioxx Securities Litigation*, Abe helped recover over \$1.06 billion on behalf of injured investors. The case, which asserted claims arising out of the Defendants' alleged misrepresentations concerning the safety profile of Merck's pain-killer, VIOXX, was settled shortly before trial and after more than 10 years of litigation, during which time plaintiffs achieved a unanimous and groundbreaking victory for investors at the U.S. Supreme Court. The settlement is the largest securities recovery ever achieved against a pharmaceutical company and among the 15 largest recoveries of all time.

Abe was also a principal member of the trial team that prosecuted *In re Schering-Plough Corp./ENHANCE Securities Litigation* and *In re Merck & Co., Inc. Vytorin/Zetia Securities Litigation*, which settled on the eve of trial for a combined \$688 million. This \$688 million settlement represents the second largest securities class action recovery against a pharmaceutical company in history and is among the largest securities class action settlements of any kind.

Abe has also obtained several additional significant recoveries on behalf of investors in pharmaceutical and life sciences companies, including a \$142 million recovery in *Medina v. Clovis Oncology, Inc.*, a securities fraud class action arising from Defendants' alleged misstatements about the efficacy and safety of its most important drug; a \$55 million recovery in *In re HeartWare International, Inc. Securities Litigation*, a case arising from Defendants' alleged misstatements about the device-maker's compliance with FDA regulations and the performance of its key heart pump; and a \$44 million recovery in *In re Adeptus Health Inc. **Max W. Berger** is the Founding Partner and Executive Committee Member and has grown BLB&G from a partnership of four lawyers in 1983 into what the *Financial Times* described as "one of the most powerful securities class action law firms in the United States" by prosecuting seminal cases which have increased market transparency, held wrongdoers accountable, and improved corporate business practices in groundbreaking ways.

Described by sources quoted in leading industry publication *Chambers USA* as "the smartest, most strategic plaintiffs' lawyer [they have] ever encountered," Max has litigated many of the firm's most high-profile and significant cases and secured some of the largest recoveries ever achieved in securities fraud lawsuits, negotiating seven of the largest securities fraud settlements in history, each in excess of a billion dollars: *Cendant* (\$3.3 billion), *Citigroup-WorldCom* (\$2.575 billion), *Bank of America/Merrill Lynch* (\$2.4 billion), *JPMorgan Chase-WorldCom* (\$2 billion), *Nortel* (\$1.07 billion), *Merck* (\$1.06 billion), and *McKesson* (\$1.05 billion). Max's prosecution of the *WorldCom* litigation, which resulted in unprecedented monetary contributions from *WorldCom*'s outside directors (nearly \$25 million out of their own pockets on top of their insurance coverage) "shook Wall Street, the audit profession and corporate boardrooms." (*The Wall Street Journal*)

Max's cases have resulted in sweeping corporate governance overhauls, including the creation of an independent task force to oversee and monitor diversity practices (*Texaco* discrimination litigation), establishing an industry-accepted definition of director independence, increasing a board's power and responsibility to oversee internal controls and financial reporting (*Columbia/HCA*), and creating a Healthcare Law Regulatory Committee with dedicated funding to improve the standard for regulatory compliance oversight by a public company board of directors (*Pfizer*). His cases have yielded results which have served as models for public companies going forward.

Most recently, before the #metoo movement came alive, on behalf of an institutional investor client, Max handled the prosecution of an unprecedented shareholder derivative litigation against Fox News parent 21st Century Fox, Inc. arising from the systemic sexual and workplace harassment at the embattled network. After nearly 18 months of litigation, discovery, and negotiation related to the shocking misconduct and the Board's extensive alleged governance failures, the parties unveiled a landmark settlement with two key components: 1) the first ever Board-level watchdog of its kind—the "Fox News Workplace Professionalism and Inclusion Council" of experts (WPIC)—majority independent of the Murdochs, the Company and Board; and 2) one of the largest financial recoveries—\$90 million—ever obtained in a pure corporate board oversight dispute. The WPIC is expected to serve as a model for public companies in all industries.

Max's work has garnered him extensive media attention, and he has been the subject of feature articles in a variety of major media publications. *The New York Times* highlighted his remarkable track record in an October 2012 profile

entitled "Investors' Billion-Dollar Fraud Fighter," which also discussed his role in the *Bank of America/Merrill Lynch Merger* litigation. In 2011, Max was twice profiled by *The American Lawyer* for his role in negotiating a \$627 million recovery on behalf of investors in the *In re Wachovia Corp. Securities Litigation*, and a \$516 million recovery in *In re Lehman Brothers Equity/Debt Securities Litigation*. For his outstanding efforts on behalf of WorldCom investors, he was featured in articles in *BusinessWeek* and *The American Lawyer*, and *The National Law Journal* profiled Max (one of only eleven attorneys selected nationwide) in its annual 2005 "Winning Attorneys" section. He was subsequently featured in a 2006 *New York Times* article, "A Class-Action Shuffle," which assessed the evolving landscape of the securities litigation arena.

### One of the "100 Most Influential Lawyers in America"

- Described as a "standard-bearer" for the profession in a career spanning nearly 50 years, he is the recipient of *Chambers USA*'s award for Outstanding Contribution to the Legal Profession. In presenting this prestigious honor, *Chambers* recognized Max's "numerous headline-grabbing successes," as well as his unique stature among colleagues—"warmly lauded by his peers, who are nevertheless loath to find him on the other side of the table." Max has been recognized as a litigation "star" and leading lawyer in his field by *Chambers* since its inception.
- *Benchmark Litigation* recently inducted him into its exclusive "Hall of Fame" and named him a 2021 "Litigation Star" in recognition of his career achievements and impact on the field of securities litigation.

- *Law360* published a special feature discussing his life and career as a "Titan of the Plaintiffs Bar," named him one of only six litigators selected nationally as a "Legal MVP," and selected him as one of "10 Legal Superstars" nationally for his work in securities litigation.
- Max has been regularly named a "leading lawyer" in the *Legal 500 US Guide* where he was also named to their "Hall of Fame" list, as well as *The Best Lawyers in America*® guide.
- Max was honored for his outstanding contribution to the public interest by Trial Lawyers for Public Justice, which named him a "Trial Lawyer of the Year" Finalist in 1997 for his work in *Roberts, et al. v. Texaco*, the celebrated race discrimination case, on behalf of Texaco's African-American employees.

Max has lectured extensively for many professional organizations, and is the author and co-author of numerous articles on developments in the securities laws and their implications for public policy. He was chosen, along with several of his BLB&G partners, to author the first chapter—"Plaintiffs' Perspective"—of Lexis/Nexis's seminal industry guide *Litigating Securities Class Actions*. An esteemed voice on all sides of the legal and financial markets, in 2008 the

SEC and Treasury called on Max to provide guidance on regulatory changes being considered as the accounting profession was experiencing tectonic shifts shortly before the financial crisis.

Max also serves the academic community in numerous capacities. A long-time member of the Board of Trustees of Baruch College, he served as the President of the Baruch College Fund from 2015-2019 and now serves as its Chairman. In May 2006, he was presented with the Distinguished Alumnus Award for his contributions to Baruch College, and in 2019, was awarded an honorary Doctor of Laws degree at Baruch's commencement, the highest honor Baruch College confers upon an individual for non-academic achievement. A member of the Dean's Council to Columbia Law School as well as the Columbia Law School Public Interest/Public Service Council, Max has taught Profession of Law, an ethics course at Columbia Law School, and serves on the Advisory Board of Columbia Law School's Center on Corporate Governance. In February 2011, Max received Columbia Law School's most prestigious and highest honor, "The Medal for Excellence." This award is presented annually to Columbia Law School alumni who exemplify the qualities of character, intellect, and social and professional responsibility that the Law School seeks to instill in its students. As a recipient of this award, Max was profiled in the Fall 2011 issue of *Columbia Law School Magazine*. Max is a member of the American Law Institute and an Advisor to its Restatement Third: Economic Torts project.

Among numerous charitable and volunteer works, Max is a significant and long-time contributor to Her Justice, a non-profit organization in New York City dedicated to providing *pro bono* legal representation to indigent women, principally survivors of intimate partner violence, in connection with the many legal problems they face. In recognition of their personal support of the organization, Max and his wife, Dale Berger, were awarded the "Above and Beyond Commitment to Justice Award" by Her Justice in 2021 for being steadfast advocates for women living in poverty in New York City. In addition to his personal support of Her Justice, Max has ensured BLB&G's long-time involvement with the organization. Max is also an active supporter of City Year New York, a division of AmeriCorps, dedicated to encouraging young people to devote time to public service. In July 2005, he was named City Year New York's "Idealist of the Year," for his commitment to, service for, and work in the community. A celebrated photographer, Max has held two successful photography shows that raised hundreds of thousands of dollars for City Year and Her Justice. **John Rizio-Hamilton** is one of America's top shareholder litigators. He works on the most complex and high-stakes securities class action cases, and has recovered billions of dollars on behalf of institutional investor clients. Highlights of John's trial experience include the following:

- Led the trial team that recovered \$240 million for investors in *In re Signet Jewelers Limited Securities Litigation*, a precedent-setting case that marks the first successful resolution of a securities fraud class action based on allegations of sexual harassment. To our knowledge, it is also the first time claims of this nature have been certified for class treatment in the securities context and is one of the very few securities fraud cases in which statements in a Code of Conduct have been held actionable. This case sends a message to corporate executives and corporate boards that alleged systemic sexual harassment and gender discrimination can have serious ramifications through securities fraud class actions. Both the class certification decision and the Judge's decision that the Company's statements about gender equality and sexual harassment could be actionable in a securities class action are landmark decisions that exceed even the significant financial recovery achieved for shareholders.
- Key part of the trial team that prosecuted *In re Bank of America Securities Litigation*, which settled for \$2.425 billion, "the largest securities class action recovery related to the subprime meltdown," per *Law360*, the largest security ever resolving violations of Sections 14(a) and 10(b) of the Securities Exchange Act, and one of the top securities litigation recoveries in history.
- Served as counsel on behalf of the institutional investor plaintiffs in *In re Citigroup, Inc. Bond Action Litigation*, which settled for \$730 million, the second largest recovery ever in a securities class action brought on behalf of purchasers of debt securities.
- Member of the team that prosecuted the *In re Wachovia Corp. Bond/Notes Litigation*, in which the firm recovered a total of \$627 million on behalf of investors, one of the 15 largest securities class action recoveries in history.
- Key member of the team that recovered \$150 million for investors in *In re JPMorgan Chase & Co. Securities Litigation*, a securities fraud class action arising out of misrepresentations and omissions concerning JPMorgan's Chief Investment Office, the company's risk management systems, and the trading activities of the so-called "London Whale."

In addition to his direct litigation responsibilities, John is responsible for the firm's client outreach in Canada, where he advises institutional investor clients on potential securities fraud and investor claims. He is one of the partners who oversees the firm's Global Securities and Litigation Monitoring Team, which monitors global equities traded in non-U.S. jurisdictions on prospective and pending international securities matters, and provides critical analysis of options to recover losses incurred on securities purchased in non-U.S. markets. John also manages the firm's

In December 2014, Jerry was recognized by *The National Law Journal* in its inaugural list of "Litigation Trailblazers & Pioneers" — one of several lawyers in the country who have changed the practice of litigation through the use of innovative legal strategies — in no small part for the critical role he has played in helping the firm's investor clients recover billions of dollars in litigation arising from the financial crisis, among other matters.

In addition, *Lawdragon* magazine, which has named Jerry one of the "100 Securities Litigators You Need to Know," one of the "500 Leading Lawyers in America," and one of America's top 500 "Rising Stars" in the legal profession, also profiled him as part of its "Lawyer Limelight" special series, discussing subprime litigation, his passion for plaintiffs' work and the trends he expects to see in the market. Jerry also represented the New York State Teachers' Retirement System in a securities litigation against the General Motors Company arising from a series of misrepresentations concerning the quality, safety, and reliability of the

Company's cars, which resulted in a \$300 million settlement. He was also a member of the litigation team responsible for the successful prosecution of *In re Cendant Corporation Securities Litigation* in the District of New Jersey, which was resolved for \$3.2 billion. In addition, he is actively involved in the firm's prosecution of highly successful M&A litigation, representing shareholders in widely publicized lawsuits, including the litigation arising from the proposed acquisition of Caremark Rx, Inc. by CVS Corporation — which led to an increase of approximately \$3.5 billion in the consideration offered to shareholders.

A graduate of the Wharton School of Business, University of Pennsylvania and Brooklyn Law School, in 1995-96, Jerry served as a law clerk to the Hon. Steven M. Gold, U.S.M.J., in the United States District Court for the Eastern District of New York.

Jerry lectures to institutional investors at conferences throughout the country, and has written or substantially contributed to several articles on developments in securities and corporate law, including his most recent article, "SEC Statement On Emerging Markets Is A Stunning Failure," which was published by *Law360* on April 27, 2020.
